RELATE

Dear Reader,

I have been looking up to you to relate. I want you to know me, and to know is to relate. For since time immemorial, every man has been relating. People relate with their phones and most of the time they don't give any breathing space. You get to know your phone but the phone doesn't know you. You give your phone what it wants, that is to charge and update and the phone will serve you.

Just like a child that is born doesn't want to be left alone, a baby most of the time will cry not because of anything, it's all about attention. Let's take a boyfriend and a girlfriend relationship, if they don't relate what happens? A girlfriend will do anything for her partner to be happy and vice versa.

God wants to be your friend..

Since the day of old I have been looking for a friend and now it's your turn, would you like me to be your friend? A question only you can answer.

Relationship between man and God got broken so I sent my Son Jesus Christ (John 3:16) to come and bridge the gap, only He can, no one else (John 17:5).

So for you to be able to relate with me properly, you need to accept the Son as your Lord and Saviour and that He should be Lord over everything that goes on in your life. Would you like to do that? With that the relationship between you and I has begun.

Relationship is give and take, so for a person to be in a relationship he/she must know and do what the partner wants. For me it is to read the Bible and practice what it tells you. But not all that is in the Bible will you understand, so I have something called church, pray and look for one. They will help you to understand me better.

In relationships people give gifts, and are protective of their partner. I will protect you even to the end of time, I will provide for you, and I have a gift called heaven. It's a "will" made before you came into this world and within that gift are gifts waiting for you. Just make a decision to walk with me.

From the one who wants to be your father and a friend. The decision is with you for I am ready.
